Portfolio : <https://elimarayag.netlify.app/>

To obtain a position that will enable me to use my strong organizational skills, educational background, and ability to work well with people.

WORK EXPERIENCE

HYE Enterprises Corporation **Intern**

(February 2025 – May 2025)

Frontend Web and Mobile Developer

- Developed and maintained web and application features using React Native
- Built and enhanced user interfaces based on project requirements and design specifications
- Debugged and troubleshooted websites and applications to identify and resolve technical issues
- Assisted in testing applications and resolving software bugs to improve functionality and reliability
- Supported front-end development tasks, including UI implementation and feature enhancements
- Integrated and worked with APIs to support application functionality and data handling
- Implemented responsive and user-friendly layouts across different screens and devices
- Worked with JavaScript and React Native to develop interactive application components

Accenture **Trust and Safety Associate**

(September 2025 – Present)

- Reviewed, evaluated, and moderated user-generated content in accordance with client-specific policies, community guidelines, and legal standards.
- Demonstrated strong understanding of client policies and applied them consistently to ensure platform's safety, quality, and compliance.
- Identified and escalated sensitive, high-risk, or policy-violating content following established workflows and protocols.
- Collaborated with quality analysts and team leads to address policy updates, improve decision-making accuracy, and meet performance metrics.
